

Cluno GmbH is working on innovative mobility concepts. At Cluno.com we offer our customers individual mobility solutions based on the automobile. We offer solutions for anyone who wants to be permanently mobile with their "own" car, but does not want to buy or lease one. Every day we work to make using and switching cars as easy and convenient as possible.

To strengthen our team in Munich, we are looking for you as the

## Chief Product Officer (CPO) / Head of Product (m/f)

As CPO / Head of Product (m/f) you are responsible for the product development and coordination of new features. Your work will contribute directly to the ongoing success and growth of Cluno.com in one of the most dynamic market environments of our times.

### Your role

- You will be responsible for setting up and managing a team of Product Owner, Designer and UX-Specialist. You take care of the set-up and maintenance of productive working preconditions with a vast variety of challenges and task settings
- You motivate your team by proactively and transparently leading them through the dynamic challenges of the mobility markets of the future
- You will organize and design the preconditions for the success of a holistic, divisional product management unit with a variety of products, customer groups, internal stakeholders and external partners
- Your responsibilities in the organization of Cluno product development reach from ideation over iterative roadmapping, planning and development to after-sales and maintenance of our products
- You will act as the ambassador of the product management unit and represent it towards the entire organization as well as in the management, vice versa, you manage the vastly dynamic requirements imposed on product development from the expanding Cluno business

### Your profile

- You are a problem solver, detail-oriented and self-motivated who thrives in a fast-paced, highly dynamic environment. Further key aspects of your profile are:
- Experience in disciplinary and professional leadership in IT environments
- For you, high-quality, transparent leadership is a value in itself and you understand it to be a proactive process which forms the success and potential of a company and its members
- You are an empathic communicator, can motivate your team as well as understand needs and perspectives of your colleagues
- Fast apprehension, ability to adapt to fast-paced dynamic organizational and market environments together with the ability to embrace and proactively design change
- You conceive immediately what makes a product successful and can conceptualize pragmatic solutions
- You hold profound expertise in different procedure models of software development - especially Scrum and Kanban
- You are open to trying out new things and are driven to optimize products and processes alike.
- You are familiar with Apps especially in the context of iOS and Android
- Fluent proficiency in English and good knowledge of German

We offer you the opportunity to be part of our management team and thus significantly shape the company and guide it on its road to success in the mobility of tomorrow. Furthermore we offer you attractive, performance-related compensation as well as company participation in recognition for your outstanding achievements.

You would like to work with us on our vision? We look forward to your application. Please send your documents and state your earliest possible start date and your salary expectations to [jobs@cluno.com](mailto:jobs@cluno.com).
